IGCSE SUBJECT SELECTION FORM 2015-16

If you need advice or guidance on which subjects to choose, please visit the CIE website and refer to the IGCSE Curriculum Booklet we issue.

The curriculum for Year 10 and Year 11 is set up with a compulsory core of subjects and four blocks where learners have some subject choices. The core subjects are:

Subject	Number of IGCSE Certificates
English	1 (2 if learner takes English Literature)
Co-ordinated Science	2 (as the course is a double award course)
Mathematics	1
Global Perspectives	1 (This is a Humanities based course)

In addition to the core subjects, learners must choose four other subjects. One must be chosen from each "block" and no subject may be chosen more than once other than Foundation English (Support) upon the recommendation of the Head of School. It is our intention to offer these courses for the next academic year but course viability will depend on learner numbers for the course. The subject blocks are:
