

The Grade 3 Learners had a fantastic end to their third Unit of Inquiry with a trip to the theatre to watch Horrible Histories: Ruthless Romans. The general consensus was that it was “absolutely brilliant but it was a bit gross when the mouse guts were pulled out!” The learners got their own chance to show off their performing skills during the Chinese New Year Celebrations and performed a mouse dance. They were all confident as they got on stage and put on a shining performance.

Water

Rime of the Ancient Mariner

“Water, water every where and all the boards did shrink; Water, water every where, nor any drop to drink.”

~ Samuel Taylor Coleridge

Statistics from “The Water Project”

- Over half of the developing world's primary schools do not have access to water and sanitation facilities.
- In developing countries, as much of 80% of illnesses are linked to poor water and sanitation conditions.
- 1 in 8 people worldwide do not have access to safe and clean drinking water.

Save the Date!

Land Based PE

13 February

Land based PE will run from this week until the end of term.

Field Trip

18 February

We will be visiting the Marina Barrage in the morning. The bus leaves at 8.0am sharp.

Field Trip

27 February

We will be visiting NeWater Facility. The bus will be leaving at 8.20am sharp.

Mathematics

We have continued our work with equivalent fractions and comparing fractions. The learners will soon move on to adding unlike fractions and will be working more with division and remainders. As we begin our next unit on water the learners will be focusing on capacity.

Literacy

In pairs, the learners created scripts on being tolerant, open-minded or respectful and presented them to the class. They had some wonderful ideas and very creative ways of expressing the different attitudes and profiles.

Unit Of Inquiry

Water is essential to life and a limited resource for many people

This week we have begun our tuning in activities for our next unit on water. We will be shifting our focus back to non-fiction writing and will be doing more independent learner directed research. Be prepared for more research-based homework to come home in the next few weeks.
